email. amy@meshplanning.com.au

Amy's background in landscape architecture and design drives her desire to combine Urban Design and Landscape Architecture practices to work with one another to achieve strategic and evocative design outcomes for future projects.

After having developed a keen interest in Landscape Design/Architecture in high school, Amy graduated with a bachelor degree of Landscape Architectural Design from RMIT University in 2016 and continued her studies at RMIT, graduating in 2020 with a masters degree of Landscape Architecture.

Amy's education in landscape architecture and design has allowed her to understand the design processes and creative problem-solving needed within practice.

Amy has developed a particular passion for conservation and ecological practices that can be applied to design projects, alongside creating and manipulating sensory experiences of landscapes.
