

Leah Wittingslow

managing director.

office. +61 3 9070 1166

mobile. 0417 050 122

email. leah@meshplanning.com.au

Leah is recognised as a leader in growth area planning, from strategic conception to detailed implementation.

Leah Wittingslow has worked as a statutory and strategic planner in both the private and public sectors.

Leah's specialisation is undertaking large scale development projects in metro and regional growth areas.

Leah's experience working for a rapidly growing Local Government area (where Leah worked directly with developers to manage and facilitate their projects through the approvals process) gave her a nuanced understanding of the strategic planning and statutory assessment needs of Council.

Now in the private sector, Leah works with both State and Local Government on a range of growth area issues (Structure Planning, Development Contributions, Service Process Review etc) as well as with large and small scale developer clients on complex planning permit application processes. Leah has experience at providing expert evidence in Panel contexts, particularly in relation to growth area structure planning, implementation and development contributions.
